

# SUSTAINABILITY GUIDE

At ASM Global, we recognize the live experience industry has an impact on the environment and community. Through our Sustainability Guide and Continuous Improvement Programs, we strive to identify, understand, and address these impacts to achieve continual improvement year after year. Our areas of focus: waste management, energy and water conservation, sustainable procurement, and community engagement. Not because we have to, but because it is at the core of who we are.

We believe that providing sustainable and inclusive environments is key to what our team members, clients, partners, and communities value, and we recognize that our commitment to improving our standards and measures in these areas is an ongoing journey.

## FACILITY STATS

With over 20,000 solar panels and programmable LED lighting, the facility is **20%** more energy efficient compared to 2017. The plant grid produces approximately 750,000KWhr/Month, which is equivalent to CO2 produced by 8,770 trees grown for 10 years.

With low-flow bathrooms and motion-sensor sinks, the facility has reduced water use by **12%** annually. On-going efforts to fulfill a rainwater harvesting program will reduce use by an additional **15%**.

**23%** overall waste diversion rate compared to 2018, prior to establishing guidelines and alternatives to clients.

## BE A WASTE REDUCTION PARTNER

PRCC and Antigua Casino provides recycling and trash stations for exhibitors, decorators, and visitors that include separate streams for recyclables and landfill materials; composting stations are only available in the food and beverage prep areas.

We can provide recycling and trash pull services throughout and at the conclusion of your event. These services are coordinated with your Event Manager.

## RECYCLING & COMPOSTING CHECKLIST

We provide several containers for mixed recycling, composting, and landfill. If it is on the checklist, it doesn't belong in landfill. When in doubt, throw it out.

### RECYCLABLE

- ♻️ Aluminum cans
- ♻️ Clean paper
- ♻️ Cardboard signage
